

Lindén Sweden | USA

Dalo Lindén Group

since 1932

DALO LINDÉN MOTTO

what we do, we do well.

With Swedish simplicity, Swedish ingenuity, and Swedish fortitude, we strive to bring the best products to the market — the classic Jonas™ original vegetable peeler is one of the many examples of products designed for their timeless form and function.

1932

Filip Linden began making pastry brushes out of his garage. Word soon spread about the quality and craftsmanship of Linden's brushes. He began making other items and his products were soon known for their simple elegance yet usability.

Linden's lessons about the importance of designing useable tools that also looked good became a cornerstone for the Linden's business. One of the company's early products – the Jonas Vegetable Peeler - is a perfect example of what happens when you blend great design with Swedish sensibility.

2003

Linden International AB opened Linden Sweden USA, in Edina Minnesota. We feel that "Linden Sweden USA" is Sweden. With the reputation of an entire country on the line, we make sure that the Swedish tradition of design, quality, function and service can be found in everything in this catalog.

Linden Sweden USA caters to at home and professional chefs, and prides themselves in making sure that the focus continues to honor Filip Linden's original vision – great looking products that work well.

2017

Daloplast AB and Lindén International AB merged after many years of cooperation. Two strong brands and companies from the same creative region in southern Sweden, formed the household group Dalo Lindén.

Dalo Lindén currently owns and operates 3 separate manufacturing facilities in Sweden, a US and Russian distribution facility and maintains product representation in 23 countries. We are a global company committed to providing our customers with sensible, quality products that are designed to make cooking efficient and fun while maintaining our commitment to the same quality and tradition that are the cornerstone of our business.

Quality is the Difference

Dalo Lindén maintains the highest quality and safety standards in Europe.

Our 18/10 Stainless Steel (18% chromium, 10% nickel) has been manufactured in our Motala factory since 1947. The majority of our stainless products are pressure spun, resulting in a lighter product with a superior surface and accurate grading. Our plastic products are manufactured in our Gnosjö factory of recyclable material and are BPA free. Our wood products are all sourced from sustainable forests.

Europe has the highest standard for environmental safety in manufacturing and our products are tested regularly to ensure those standards are followed and maintained. We care about our environment and take pride in our commitment to its safety and wellbeing.

Proud to Continue the Tradition

Lindén Sweden USA opened in 2003 with a commitment and focus that continues to honor Filip Lindén's original vision – great looking products that work well.

From our twixit!® bag clip that lasts for over a million uses to our vegetable peelers that will probably be passed down a generation, each product is designed to make a country proud.

Because we manufacture the majority of our products, we have the ability to customize product, colors and packaging. Please feel free to reach out for assistance with creating your very own Lindén Sweden product display.

Origin Matters

SE	Sweden
DK	Denmark
DE	Germany
BE	Belgium
SL	Slovenia
PT	Portugal
CN	China
CZ	Czech Republic

Material Matters

	Plasticizer in the TPE is paraffin oil, used in candles and found in hygienic articles and is harmless		Surface gloss and hardness and can withstand temperature between -40°C and +120°C
	Inorganic structure makes material resistant against high and low temperature and ozone and aging		Belongs to the family of plastics which can withstand chemicals and does not absorb odor
	Very strong material can withstand most chemicals and can stand high temperatures up to 260 Celsius		High density, stiffer and harder plastic withstands temperatures between -40°C and +90°C
	With higher proportions of methyl acrylate the materials elasticity, gloss and transparency increases		Transparent, tough against impact, strong and withstands chemicals very well
	Tough against impact and strong plastic with high surface gloss		

Safety Matters

BPA FREE	DISHWASHER SAFE
RECYCLABLE	BLADE OK
SUSTAINABLE FORESTS	HEAT OK
FOOD SAFE	NO HEAT
MICROWAVABLE	NON STICK

When we develop new products we have to consider choice of material, design and construction in order to achieve a high product quality. Our staff provides good service and efficiency at all levels which contributes to competitive prices.

Form & Function

60 Years of Tradition

The original Jonas™ peeler was introduced in 1953. Over 100 million have been sold in over 40 countries around the world.

A perfect example of what happens when function and quality merge. The design has remained the same.

Original Jonas™ Peeler
[#10211]

Soft-grip Gray Peeler
[#10220]

Soft-grip Turquoise Peeler
[#1022037]

The swivel 18/10 stainless blade will stay sharp for years. It can be used by lefties or righties. Rust resistant. SS or SS/ABS/SAN. Made in SE (except soft grip).

Size: 6½"

Did You Know?

Pressed garlic has a lighter, more delicate flavor than minced garlic because it excludes the bitter center stem.

Click&Clean

Black
[#26627.10]

Lime
[#26627.31]

Jonas™ Click & Clean Garlic Press

Flip the handle open to drop in a clove, flip it back to crush. Flip open again for efficient and easy cleaning. Handle clicks open to expose waste for easy removal. No parts to get lost or broken. Made of coated aluminum and zinc or plastic and coated zinc. Made in SE.

Size; 6" length

Opens to Clean!

UPGRADED and STRONGER with a more durable screen. Easy to clean.

Upgraded Stronger Screen

Egg&Avocado Peeler

Jonas™ Egg & Avocado Peeler makes peeling boiled eggs quick and easy. It peels from the inside. Insert the peeler blade under the shell and peel the shell from the egg in a jiffy. They are also perfect for peeling skins on many types of fruit. Sturdy enough for avocados, oranges and cherries. PP. Made in SE.

[#10699.1]
Size: 6½" x 1"

Package contains 2 peelers:
1 white and 1 green

[see page 47 for display details]

Measuring Spoon Display Contains 20 Assorted Colors

[see page 47 for display details]

Measuring Spoon

Measuring spoons are a kitchen essential. This colorful item is both useful and able to be used in a dual function as a tablespoon and a teaspoon. Food safe and cleans easily in the dishwasher. Made in SE.

Size: 8¼" x 1½"

Blue [#1970137] Black [#1970110] White [#1970100]

Pizza Slicer

A slightly raised handle allows maximum cutting pressure. Stainless steel blade is heat resistant up to 240°C / 464°F. SS and PP. Made in CN.

[#6314]
Size: 7 7/8" x 3"

Can Opener

Easily glides around the edges of cans. SS and PP. Made in CN.

[#20501]

4 Cup [#512404]
8 Cup [#512405]

Jonas™ Jigger

A 1.5 oz. measurement on one side and a 1 oz. measurement on the other. 18/10 SS. Made in SE.

[#519901]
Size: 3¼"

Sauna Bucket

Strong rope handle and 18/10 stainless steel. This beautiful bucket is versatile-it can be used for the sauna, as an ice bucket or as an accent piece for your home. Made in SE.

[#523060]
Size: 10"

roll, bake & decorate

A Swedish Tradition

Use the Deep Notched Rolling Pin to score the surface and make flat breads or knäckebröds, which are light and keep fresh for a long time.

Smooth Rolling Pins

The traditional rolling pins are made of one solid piece of wood with two handles. They have no gears and consequently no crevices for flour dust and food to find a place to hide. Made in CZ.

Large: 1¾" x 2½"
(23¾" L w/handles)
[#22106]

Medium: 10" x 2½"
(18" L w/handles)
[#22100]

Small: 6¾" x 2½"
(14¾" L w/handles)
[#22107]

A recipe for traditional Swedish hardtack is included in the merchandising wrap.

Deep Notch Rolling Pins

The deep notches are designed to create holes in your dough allowing air in to prevent the dough from rising. The handle is well crafted to feel secure and comfortable in the hand. Made in CZ.

[#22102]
Size: 10½" x 2½". (18" L w/handles)

Silicone Covered Rolling Pin

Solid wood rolling pin with a silicone casing. The silicone casing prevents dough from sticking to the rolling pin. Silicone. Made in CZ.

[#2210020]
Size: 10" x 2½" w/handle

Silicone Pastry Mat

Mat hugs the counter top and lies very flat making an ideal surface for rolling dough. Silicone mat means less flour so baked goods are lighter and flakier. Silicone. Made in CN.

[#2271020]
Size: 19½" x 15¾"

Children's Rolling Pin Kit

The kit includes one rolling pin with red handles and 4 tin plated cookie cutters. Made in CZ.

[#7058]
Size: 4" x 1¾" (8½" w/handles)

Children's Rolling Pins

Children's Rolling Pins are the right size to make baking easier for little hands. Made in CZ.

Wood Handle [#22104]
Red Handle [#22104.20]
Size: 4" x 1¾" (8½" w/handles)

Jonas™ Baking Liner

Bake with Jonas™ reusable Baking Liners to protect your bakeware and help make clean-up a breeze. Teflon coated and works in all types of ovens. PTFE. Made in BE.

[#13363]
Size: 13" x 17¾"

A Swedish Tradition

Baking is a strong tradition in Sweden with families gathering in the kitchen to decorate sugar and gingerbread cookies.

Baker's Cooling Rack

Strong lightweight powder-coated metal is excellent for baking or organizing arts & crafts projects. The rack has four tiers that can be folded out for increased countertop or table space. Each tier can hold up to 10 lbs. The rack has high consumer ratings for its space saving easy storage feature. Made in CN.

[#37502R]

Folds to 22" x 10" x 1" wide for storage. When in use it stands 13"H.

Packaging

Portioning Funnel

A trigger handle lets you dispense just the right amount each time. Perfect for drizzling decorative sauces, frosting or candies. Grey body w/red handle. Holds 2 Cups. Poly Pro, food safe, dishwasher safe. Made in SE.

[#2102102-10]

Size: 7½" long

Jonas™ Confectionary Funnel

Funnels are lightweight but durable, and are perfect for various batters or confectionary uses. Comes in 2 nozzle sizes. 18/10 SS. Made in SE.

Small: 1 Qt [#515200]

Large: 2 Qt [#515300]

Wire Stand

Extra support when using Jonas™ Conical Strainer, Chinois and Mesh Chinois. Will accommodate both sizes. SS. Made in SE.

[#5153011]

Wire Stand also shown on page 26

[Pastry Brush also shown on page 14]

Pastry Brush Set of 2 in pkg.

The natural boar bristles on the Pastry Brush are firmly sealed to prevent shedding. Made in CN.

[#80201]
